INDEX

The index records names of authors, editors, and reviewers occurring in the entries of the bibliography, and also names mentioned significantly in the reviews and comments. It omits names used only to designate a period or fix chronological limits, addressees of individual letters, names merely designating association, and passing mentions in comments.

SYMBOLS

Reviews. The abbreviation "rev." indicates the citation of a review appearing in a publication other than this bibliography.

Double Dagger (‡). A double dagger preceding a review entry designates a review printed in this bibliography.

Dagger (†). A dagger designates main entries for individual authors in Section VI of the bibliography.

Italic. Italic numerals indicate references in comments or reviews—in other words, in those passages that are set in smaller type.
